

2009 CESifo Area Conference on Energy and Climate Economics

Call for Papers

On October 16-17 2009, CESifo will organise the first CESifo Area Conference on Energy and Climate Economics in Munich for all members of the CESifo Research Network with an interest in this research area.

The purpose of the conference is to bring together CESifo members to present and discuss their ongoing research, and to stimulate interaction and co-operation between them. All CESifo research network members are invited to submit their papers, which may deal with any topic in the field of Energy and Climate Economics.

There will be two keynote speakers at the conference, **Scott Barrett**, Columbia University, New York and **Reyer Gerlagh**, University of Manchester.

The deadline for submission of complete papers, or 2-3 page abstract, is **June 30, 2009**. Preference will be given to complete papers.

For submission, please visit www.cesifo.de. Go to the "Conferences and Events"- page, click on the conference name and then on the "Submit Paper"- link below the conference description. Only online submissions are accepted. Should you have any (technical) difficulties with the online submission procedure, please contact saavedra@cesifo.de for assistance.

Authors of submitted papers will be notified no later than July 31, 2009 as to whether their paper has been accepted for the workshop. Papers which are more related to the topic of other area conferences will be re-directed to the respective area coordinator. Please note that the **same paper** is allowed to be submitted to **only one** of the CESifo area conferences.

CESifo will provide accommodation, and reimburse economy travel costs for CESifo Research Fellows/Affiliates with accepted papers. All papers presented at the conference will appear in the CESifo Working Paper Series. Other network members are invited to attend, but are expected to provide their own funding for travel and accommodation.

Further questions regarding the organisation and scientific content of the conference should be addressed to the conference organiser, Michael Hoel, University of Oslo (mihoel@econ.uio.no).
