

CESifo–Delphi Conference

A joint initiative of
DIEES-AUEB and CESifo

CESifo and the Department of International and European Economic Studies (DIEES) of the Athens University of Economics and Business (AUEB) ask for submission of extended abstracts (300-500 words) on the question of

"Financial Markets, Corporate Governance and Macroeconomic Outcomes"

for the CESifo-Delphi Conference 2010 which will take place in **Munich, June 4 - 5, 2010**. Relevant topics include issues such as

- corporate governance and the macro economy (e.g. the role of legal differences across countries about boards of directors and governance at the firm level for growth, unemployment and other aggregates),
- financial constraints and the macro economy (e.g. the role of public debt management, the influence of the interaction between fiscal and monetary policy rules for growth and investment, the impact of financial constraints on cross-border flows of trade and capital)
- corporate governance and firms (e.g. which role do institutional differences between countries play for firm organization and performance),
- financial constraints and firm behaviour (e.g. the impact of financial constraints on firm size, profits and investment)
- normative issues about corporate governance and finance.

We envisage that the papers will be policy oriented and will a) discuss institutional differences across countries, b) reasons and suggestions for reform and c) quantitative statements about the consequences of reform.

For submission of papers, please visit www.cesifo.org. Go to the "Conferences and Events"- page, click on the conference name and then on the "Submit Paper"- link below the conference description. Only online submissions are accepted. Should you have any (technical) difficulties with the online submission procedure, please contact Saavedra@cesifo.de for assistance. The deadline for the submission of papers is **15 March 2010**.

Authors of accepted papers will be invited to give presentations at the conference in Munich. These papers will be published in the CESifo Working Paper Series and in a special issue of CESifo Economic Studies. There will be external refereeing of papers after both stages. It is understood that all submissions to the workshop imply submission to this publication outlet.

CESifo will provide accommodation, and reimburse economy travel costs for those with accepted papers. Those without accepted papers are also welcome to attend, but are expected to provide their own funding for travel and accommodation.
