The workshop is jointly organized by the Dresden Branch of the Ifo Institute and the Dresden University of Technology. The two-day workshop will serve as a forum to present current research results in political economy and public choice and will give researchers in these areas the opportunity to network. Both theoretical and empirical studies are welcome.

We have scheduled the beginning of the workshop on Friday noon, so the arrival is possible in the morning. The end of the workshop will be on Saturday afternoon. A conference dinner is planned for Friday evening. As the workshop intends to build a network in this research area, participation is welcome even without paper contributions.

Submission:
Please submit complete papers or extended abstracts (2-3 pages) as pdf-file together with full contact details by 01/Oct/2007 to:
