Call for Papers

CESifo Area Conference on Public Sector Economics

On 4-5 May 2001, CESifo will organise a conference in Munich for members of the Public Sector Economics area of the CESifo Research Network.

The conference is intended to give an overview of the current research undertaken by members of the Public Sector Economics area of the network and to stimulate interaction and co-operation between area members. All CESifo research network members are invited to submit their papers, which may deal with any topic in Public Economics. Depending on the number of submissions, the conference programme may be organised in parallel sessions focusing on particular themes. Papers for the conference will be selected partly with a view to securing coherence of the conference programme.

The deadline for submission of papers or abstracts is **15 March 2001**. CESifo research network members interested in presenting a paper should send their paper or a 2-3 page abstract to the conference organiser:

E-mail: peter.birch.sorensen@econ.ku.dk

Other network members are invited to participate, but are expected to provide their own funding for travel and accommodation.

Further questions regarding the organisation and scientific content of the conference should be addressed to the conference organiser.
