

## **CESifo Area Conference on Global Economy**

### **Call for Papers**

#### **CESifo Area Conference on Global Economy**

On 07-08 April 2006 CESifo will organise the second area meeting for the Global Economy group. The conference is intended to give an overview of the current research undertaken by members of the Global Economy area of the network and to stimulate interaction and co-operation between area members.

The focus of this group is to explore how the gains from globalisation differ from the gains from trade (accelerated technical progress, global tournaments, increased speed of transactions), the effects of marginalisation and how it operates, the role of culture and local identity, new forms of global institutions and arrangements, and other matters under the globalisation rubric.

Those CESifo network members with existing working papers fitting these interests are invited to submit for presentation. Those with papers and/or interest in attending should communicate with John Whalley by February 1 2006 at the latest.

Submission of papers to John Whalley by e-mail (in pdf format) is welcome. Authors of submitted papers will be notified as soon as possible and by 1 February at the latest whether their paper has been accepted for the conference.

CESifo will provide accommodation, and reimburse economy travel costs, for CESifo Research Fellows / Affiliates with accepted papers. Other network members are invited to attend, but are expected to provide their own funding for travel and accommodation.

The same paper is only allowed to be submitted to one of the five CESifo area conferences. Papers which are more related to the topic of other area conferences will be re-directed to the respective area coordinator.

Further questions regarding the organisation and scientific content of the workshop should be addressed to the conference organiser.
